Profile

Hey! I'm Fidan, a passionate Front-End Developer dedicated to building beautiful and user-friendly websites. I believe in writing clean, efficient code.
I love exploring new web technologies, from JavaScript and React to modern CSS techniques, and I'm constantly learning to improve my skills.

Professional Experience

TTM - Front-end developer   05/2025 – present
- Developed responsive web interfaces using React.js and Tailwind CSS
- Implemented client-side routing with React Router
- Integrated and managed data from RESTful APIs
- Collaborated with the team to build scalable and user-friendly web applications

JET School - Front-end instructor   09/2024 – 12/2024
- Taught front-end development fundamentals to children using HTML, CSS, and JavaScript
- Guided students in building responsive websites through hands-on projects
- Helped improve their algorithmic thinking and problem-solving skills

CarEasy - Front-end developer   03/2025 – 05/2025
- Built responsive websites using HTML, CSS, and JavaScript
- Created smooth and engaging UI animations with GSAP
- Worked closely with designers to turn their ideas into functional and attractive websites
- Developed responsive layouts that adapt to mobile, tablet, and desktop screens

AzParts - Front-end developer   12/2024 – 03/2025
• React.js – Fast and modular frontend development
• Tailwind CSS – Utility-first styling framework for responsive UI
• Vite – Ultra-fast bundler and dev server
• React Router – Navigation and route management
• Axios – RESTful API data fetching
• i18next – Language translation and internationalization
